Upcoming Outreach Events and Other Information

December 2023/January 2024

FARM REPORTING EMAILS HAVE BEEN SENT !

The DMT – Data Management Tool is now available to complete your 2023 crop year farm reporting. Please remember that ALL MEMBERS are required to complete farm reporting. This includes all enrolled parcels even if the crop is non-bearing, failed, fallow land, pasture for grazing, or if no pesticides/nitrogen were applied.

THE REPORTER WE HAVE ON FILE FOR YOUR MEMBERSHIP HAS RECEIVED THE EMAIL OR LETTER.

If you have any questions. Please contact Martha at 707-678-1655 x103.

Groundwater Workshop

Date: Tuesday, January 23, 2024

Time: 9 am to 12 Noon

Location: American Legion Hall 1305 N. 1st. Street Dixon, CA 95620

Learn about the latest information on groundwater in our area and around California from experts at Solano Resource Conservation District, Luhdorff and Scalmanini Consulting Engineers, UC Davis, USDA Natural Resource Conservation Services, and Solano County Water Agency.

A detailed agenda coming soon

We will be applying for INMP CEUs for this event.

This is an in-person event only.

Registration is required. Click the button below to register.

groundwater recharge projects!

Is your parcel in the Northwest Focus Area of the Solano Subbasin? If so, that is the first step to being part of the GSA - Groundwater Sustainability Agency- groundwater improvement projects. Please call or email Martha McKeen with your contact information and ideas. She will pass it on to the experts who will get in touch with you with more details. The groundwater experts will see if your parcel is a good location for groundwater recharge or other groundwater improvement projects.
